

## Sun Was High (So Was I)

Best Coast

I went for a walk  
Watched the cars go by  
The sun was high  
I thought of you

I went for a walk  
The moon was glowin'  
It sure was high  
I thought of you

I went for a walk  
Watched the cars go by  
The sun was high  
And so was I  
I thought of you
