

Bestial Warfare

Bestial Mockery

Blitz storming onslaught
War fucking night
Hells raging fire
No mercy fight

Skull splitting carnage
Goats puking fire
Barbaric violence
Slut cunt desire

Evil - desecrate
Hellstorm - incinerate
Rapture - cries of pain
In fire - dead and born again

Black devil soldier
White Satan's son
Demon unties us
Slaughter begun

The order is given
Let's all fucking die
Darkness surrounds us
The cunts start to cry

Evil - desecrate
Hellstorm - incinerate
Rapture - cries of pain
In fire dead and born again

Vengeance - boiling hate
Chaos - annihilate
Satan - rise in flame
And eager jaws are awaiting still
