

## Goats Feast

## Bestial Mockery

Night of infernal orgies  
We'll feast on the virgin's blood  
Demons scream and witches dance  
The Devil appear in fire and flames

We will live in feast and sin  
Satan has called us for sabbath

Sabbath molestation  
The altar is drenched in blood  
Twisted crosses crowned with skulls  
Satanic evil born in hell

Death and pain in Satan's curse  
Witches whirl around the flames  
Rites of hell in darkest lust  
Sorcery and debauchery

Devils mark is set on you  
You are the chosen to burn

Under the fullmoon we sacrifice  
Blackest flames is tearing you down  
Hellish stench of burning flesh  
Pentagram and blasphemy
