

## ...'till The End

Bestial Warlust

[Lyrics by: Bloodstorm]

We Set Forward  
Time Shall Tell  
What We'll Find  
Endless Crusade  
Into The Unknown  
Places Beyond

Striving Through The Distant Land  
Through Storms of Fire  
In Search of A Battle Unforgotten  
The One We Desire  
Lost Is The Force of Will  
Our Pride Still Defies  
We Shall Forge on Relentless  
Through Depths Unknown

To Foresee And Voyage Through  
The Eyes of Death  
Our Vengeance Shall Pave The Way  
We Shall Ride On Till The End

Eye For An Eye  
We Conquer  
Our Victory  
Shall Avenge

Striving Through The Distant Land  
Through Storms of Fire  
In Search of A Battle Unforgotten  
The One We Desire  
Lost Is The Force of Will  
Our Pride Still Defies  
We Shall Forge on Relentless  
Even Till The End of Time
