

Lucy's Song

Betchadupa

Dreams don't excite you
And I hope that I do
Not much gets past you
But you don't realise what I do
No you don't realise what I do
I grew so close to you
Like friends are supposed to
I laid beside you
But you don't realise what i do
No you don't realise what i do
And now we're off again
My band, i'll stand
The same worries that we bear
Well i care
What matters is the time we share
We share
I only wanna be with you
But i won't lie
There'll come a time
I know you're true
I'll wait for you
When times are hard
Don't fall apart
Im tied to you
You'll see me soon
The words i sigh
Before i die
We know are true
Cos i love you
