

Do You Want Me To

Beth Ditto

I don't make promises, I
Cannot keep in the line
It's only worth it when it's right
We're face to face in it
You wanna come and get it
But I'm conflicted inside

I'll do anything that you'll ask me to
Nothing's enough
I want too much from you

I don't want to be the one you blame
No one wants to be the one to say it first
Living for the moment to get hurt
I don't want to be the one
I don't wanna sit and watch the sea
I wanna feel the waves swapped over me
I don't wanna be the one you blame

I'll never ask too much from you
But all I'll do
Whatever you want me to

You got me climbing the walls
You got me begging for more
Between the woman and the child
Lend yourself over to me
I'll have you home in one piece
We'll live like birds in the wild

I'll never ask too much from you
But all I'll do
Whatever you want me to

I don't want to be the one you blame
No one wants to be the one to say it first
Living for the moment to get hurt
I don't want to be the one
I don't wanna sit and watch the sea
I wanna feel the waves swapped over me
I don't wanna be the one you blame

I'll never ask too much from you
But all I'll do
Whatever you want me to
