

# As Long As I Have A Song

Beth Hart

Walk into the bar  
And shake off my coat  
Pull up a chair  
And light up a smoke

Where did all those summers go?  
Guess I'll never know  
So barkeep let's give it a go

Pour me a dream  
And play me a tune  
And I'll get along  
Just as long  
As I have a song

Sit by the church  
And hear children sing  
I like to pretend they're  
Singing for me

Memories of melodies  
And words that made me cry  
They have all abandoned me  
Sit back and watch me die

Pour me a dream  
And play me a tune  
And I'll get along  
Just as long  
As I have a song

The river is wide  
And the ocean's so deep  
The harder I try  
The faster I sink into the rich of the dark  
The cheapest of tricks  
I've lost the fire  
Still I'm sharpening my wick  
But it's just smoke  
And that's all

So pour me a tune  
As blue as the moon  
And I'll get along  
Just as long  
As I have a song  
I'll hum along  
And that is how I'll  
Get along
