

# Bang Bang Boom Boom

Beth Hart

Road is white, sky is black  
Rattlesnake run down your back  
Desert howls liar's moon  
Bang bang bang boom boom boom boom

I want your love, I want your love  
I want your poison in my cup  
Morning sun rises soon  
Bang bang bang boom boom boom boom  
Bang bang, in ring of fire  
Bang bang, my sweet desire  
Bang bang, my love is true  
Bang bang, I'd die for you  
Bang bang bang boom boom boom boom

Count it down from 10 to 1  
Crazy heart, lucky gun  
We were born bad blood and bones  
You're the sticks, I am the stone  
Bang bang, in ring of fire  
Bang bang, my sweet desire  
Bang bang, my love is true  
Bang bang, I'd die for you  
Bang bang bang boom boom boom boom

I'll be Bonnie, you be Clyde  
Rock and roll suicide  
Meet you on the other side  
Bullets made from silver spoons  
I got em' baby just for you  
Go ahead and make your move  
And do it soon

Bang bang, in ring of fire  
Bang bang, my sweet desire  
Bang bang, my love is true  
Bang bang, I'd die for you  
Bang bang bang boom boom boom boom  
And the last bang bang may be for you
