People got no clothes on Naked without the blinds drawn Welcome to my kingdom We're living our own freedom

And the girls say

Small boy sewn in stitches
He knows wicked witches
Mama's love is silent
Her sweetness becomes violence

And the girls say

It's got me losing my way
Is God really gone
Losing my way
Everybody runs
Losing my way
Everybody hung their head down to sigh
It's got me losing my way

Is God really gone

Losing my way Everybody runs

Everybody hung their head out to dry

Pictured on the ceiling Regretting what you're feeling Welcome to my kingdom We're living our own freedom

And the girls say

It's got me losing my way
Is God really gone
Losing my way
Everybody runs
Losing my way
Everybody hung their head down to sigh
It's got me losing my way

Is God really gone

Losing my way Everybody runs

Everybody hung their head out to dry
