

# Immortal

Beth Hart

Trying to fly mountain high  
Are you trying to be immortal  
Come on here's your chance  
Take your dance  
Say goodbye to your mother

Just let your life shine now's the time  
What you've been given will do just fine  
Just let your love come through  
Your song for the people  
Listen to the voices of your soul  
Are you trying to be immortal

I can see the future's been painted  
Red white and blue  
I won't whisper if you won't  
You and I know that it ain't true

Just let your life shine now's the time

What you've been given will do just fine  
Just let your love come through  
Your song for the people  
Listen to the voices of your soul  
They're trying to tell you  
What you already know  
Are you trying to be immortal

Life's a bitch while you're living on the bubble  
Thought I saw right but now I think I'm seeing double  
Are you trying to be immortal

Free the free

You got to look through your left eye  
What you gonna do  
What you gonna do

Just let your life shine now's the time

What you've been given will do just fine  
Just let your love come through  
Your song for the people  
Listen to the voices of your soul  
They're trying to tell you  
What you already know  
Are you trying to be immortal

Listen to the voices of your soul  
They're trying to tell you  
What you already know  
Are you trying to be immortal

Life's a bitch while you're living on the bubble  
Thought I saw right but now I think I'm seeing double  
The future's been painted  
Red white and blue
