

Is That Too Much To Ask

Beth Hart

Wish me luck give me somethin'
Help me out and I'll go there
Wish me luck give me somethin'
Help me out and I'll go there

All I want is a brand new truck
With one eyed jacks and beginners luck
The doctors script for the perfect drug
Get it all while I can

But I got no money and I got no man
I drive around in a beat up van
I ride on coffee and percodan
Get it all while I can, get it all while I can

Is that too much to ask?
Is that too much to ask?
Is that too much to ask?
Is that too much to ask?
Come on now

So people tell me to clean up my mess
Like I was sweet sixteen in a dirty dress
But I'm wiser now so I must confess
That I get it all while I can, yeah
I get it all while I can

Is that too much to ask?
Is that too much to ask?
Somebody told me
Is that too much to ask?
Is that too much to ask?
Just make it real and make it last

Someday maybe I'll understand
This crazy old life is in my hands
Someday maybe I'll figure it out
Somebody help me anybody tell me

Wish me luck give me somethin'
Help me out and I'll go there
Wish me luck give me somethin'
Make it real and make it last

Is that too much to ask?
Is that too much to ask?
Somebody told me
Is that too much to ask?
Is that too much to ask?
Just make it real and make it last
