

Your Love Stays

Beth Nielsen Chapman

Some love makes you cry
Some loves say goodbye
Some love stays inside your heart for life

Once love takes you in
Lets you feel again
Gets beneath your skin it seems so right

Like a key that opens every door
You give me the love I've waited for

Some love makes you cry
Some loves say goodbye
Your love stays inside my heart for life

Like a key that opens every door
You give me the love I've waited for

Some love makes you cry
Some loves say goodbye
Your love stays inside my heart for life
Your love stays inside my heart for life
