

## Couldn't Cause Me Harm

Beth Orton

Oh yeah, you know  
You couldn't cause me any harm  
Although at times I may get startled  
I'm not alarmed

I can see your eyes  
I know when they're telling me a truth  
I can feel the heart  
Especially when it's on the roof  
Of my mouth

There's no right or wrong  
This isn't a test  
And I won't lose my experience  
I won't try  
To put it aside  
But it's all right  
You know that it's all right  
's all right  
It's gonna be all right  
's gonna be all right

And if I told you,  
Would you never know to guess?  
Sure, what's the point  
When little often means so much less  
I can see for miles  
I know when you're telling me a truth  
I can feel my heart,  
Especially now, it's on the roof  
Of my mouth

There's no right or wrong  
This isn't a gesture  
And I don't use my experience.  
I don't try  
To let it go by  
But it's all right  
You know that it's all right  
It's all right  
It's gonna be all right
