Whenever

Beth Orton

Whenever I need a friend It's you I come round to see again You know that I'll always be near You're flesh and blood and you're my memory Live on in my memory

I send you nothing but love Just wait and see I send you nothing but love Just wait for me Wait and see Wait and see

Great words, You know all the right words to say You don't always lean in my way You don't always mean what you say

Whenever I need a friend It's you I come 'round to see again And everything that you do Is everything I will ask of you You could ask me too

I send you nothing but love Just wait and see I send you nothing but love Just wait for me Wait and see Wait and see

Great words, You know all the right words to say You don't have to lean in my way We don't have to mean what we say
