

I Believe In You

Bethany Dillon

When there's nothing to believe in, I believe in you
Forget the past and let my hand in yours be the proof
Though the strong could be my company, you're the one I choose
So remember, I believe in you

I know it feels like every eye is watching you
Waiting for you to fall, expecting you to lose
But I see victory, so all you have to do
Is remember, I believe in you

I believe, even when I see you crying
I believe, let me dream for you
When nothing comes from trying
Remember, I believe in you

There will come a day when love will lift you out of here
There will come a day when love will bring the truth
There will come a day when love will free you from your fear
And you'll remember, I believe in you

I believe, even when I see you crying
I believe, let me dream for you
When nothing comes from trying
Remember, I believe in you
