

# Don't Walk Away

Bethany Joy Lenz

I could never leave you  
Even you if you asked me to  
I could never say goodbye  
And make you cry

I could never stumble  
With you walkin by my side  
I could never love you  
More than I already do

So don't walk away  
Don't walk away  
Don't lie, tell me that you're gonna stay  
Please don't walk away

If I made a promise  
I would stay by your side  
Its only the beginning  
I love you

So don't walk away  
Don't walk away  
Don't lie, tell me that you're gonna stay  
Please don't walk away  
Please don't walk away

When all the road is dark and dreary  
When all my nature does not sway  
This disposition must be washed away forever  
So please don't walk away  
Please don't walk away  
Please don't walk away

But I could never leave you  
Even if you asked me to  
No, I could never say goodbye  
Or make you cry

Ohhhhh ::fade::
