

Oh God/Foolish Heart

Bethany Joy Lenz

There's no way that I can win
I just need to get over
My foolish heart

Same old story
Longing for
What I can't have what doesn't belong to me
Oh I guess I had to come to this place
Oh my knees were on my face
Up on my face

Oh God
Wish I had something more to say
Oh God
Every time he looks at me
I just can't find my way

I just need to get over
I just need to get over
My foolish heart
