

When they all tell me it's over  
Even the stars are aligned and  
I follow the sign so clearly  
And still I fall in  
Quicksand pulling me down  
I follow the sign so clearly  
And still they catch me  
Quicksand pulling me down

I'd like to say  
I make good use of my time  
While you've been away  
And it's true  
I've been at my piano everyday  
Thinking of you

They talk around  
I hear them whisper  
It's the funniest thing we

Think you're gone forever  
I know the truth  
It's just getting hard to believe it
