

Heaven's Song

Bethel Music

We have come, as one heart, as one voice
To join heaven's endless song on the earth
Lifting up our adoration towards Your throne
Praises rise, songs of love are now ascending
For the King, for the Lamb,
Who gave His life to save us

Holy, Holy, Holy, all of Heaven cries
Worthy, Worthy, Worthy, for You were crucified
The living creatures call out
And all the elder fall down

A sacrifice of living praise, we bring our all
For You have beckoned us into a holy place
A holy love, Your very presence
And now we stand in wondrous awe
A glory cry we raise to Heaven
With holy hands and lifted hearts
Eyes upon our Savior

And worship, they worship, we worship
We worship, we come and worship, we come to worship

Holy, Holy, God most Holy
Worthy to receive all glory
Heaven's shouting as we glorify
