

This Is What You Do

Bethel Music

It's always like springtime with You, making all things
new
Your light is breaking through the dark
This love it is sweeter than wine
Bringing joy, bringing life
Your hope is rising like the dawn

It's always like springtime with You, making all things
new
Your light is breaking through the dark
This love it is sweeter than wine
Bringing joy, bringing life
Your hope is rising like the dawn

This is what You do, this is what You do
You make me come alive
This is what You do, this is what You do
You make me come alive
This is what You do, this is what You do
You make me come alive
This is what You do, this is what You do
You make me come alive, You make me come alive
You make me come alive, You make me come alive
You make me come alive, You make me come alive
You make me come alive, You make me come alive
(2x)

It's like I'm living for the first time
Finally living for the first time
It's like I'm living for the first time
Finally living for the first time
It's like I'm living for the first time
Finally living for the first time
It's like I'm living for the first time
Finally living for the first time
