

# We Dance

Bethel Music

You steady me  
Slow and sweet, we sway  
Take the lead and I will follow  
Finally ready now  
To close my eyes and just believe  
That You won't lead me  
Where You don't go

When my faith gets tired  
And my hope seems lost  
You spin me round and round  
And remind me of that song  
The one You wrote for me  
And we dance

And I've been told  
To pick up my sword  
And fight for love  
Little did I know  
That Love had won for me  
Here in Your arms

You still my heart again  
And I breathe You in  
Like I've never breathed 'till now

When my faith gets tired  
And my hope seems lost  
You spin me round and round  
And remind me of that song  
The one You wrote for me  
And we dance  
And I will lock eyes  
With the One who's ransomed me  
The One who gave me joy for mourning  
And I will lock eyes  
With the One who's chosen me  
The One who set my feet to dancing?

We dance  
Just You and me  
It's nice to know I'm not alone  
I found my home here in Your arms  
It's nice to know I'm not alone?  
I found my home here in Your arms  
It's nice to know I'm not alone  
I found my home here in Your arms
