Beto Vázquez Infinity

I give you my hand with joy
I hold you tight and always be with you

Walking together we don't look back
Don't be afraid, here I am to hold you

Tell me what you're dreaming
Tell me while you're sleeping
with you, always smiling
love shines in my heart

Tell me what you're dreaming
Tell me while you're sleeping
I'll be your guardian angel
My shining little star

Can only see you grow up
And day by day I take you inside
the colour of your world and your smile
paint my days with your love always

Let me see your feelings
And your fears so I can protect you.

I will be taking care
Forever my love.

Tell me, Tell me
I'll be your guardian angel...
