

Where The World Ends

Betraying the Martyrs

Our eyes are closed shut tight,
Tell me what could this become,
We search until we find the light.

I'll keep on dreaming,
IN THIS WORLD (even if I'm alone)
EVEN IF I'M ALONE,
I'll keep on dreaming (even if I am alone)
AM ALONE!

My reflection,
is vivid in the haze of a ghost,
The edge is unreachable.

But we will get there as one,
We can get there as one,
WE CAN REACH IT ALL.

I gotta open my mind,
Pull and push at the sides,
How can I take this in,
UN-COMPREHENDIBLE LIFE.

I gotta open these eyes,
Stretch them out from the inside,
UN-COMPREHENDIBLE... LIFE!

We will reach the egde as one,
Our eyes are closed shut tight,
Tell me what could this become,
We search until we find the light.

We search for where the world ends,
What could this become,
WHAT COULD THIS.... BECOME

I'll keep living my life,
AND... YOU... KEEP..
