

# Let Me Entertain You

**Bette Midler**

Let me entertain you  
Let me make you smile

Let me do a few tricks  
Some old and then some new tricks  
I'm very versatile

And if you're real good  
I'll make you feel good  
I want your spirits too fine

So let me entertain you  
And we'll have a real good time, yes sir  
We'll have a real good time

And if you're real good  
I'll make you feel good  
I want your spirits to climb

Let me entertain you  
And we'll have a real good time
