Let Me Entertain You

Bette Midler

Let me entertain you Let me make you smile

Let me do a few tricks Some old and then some new tricks I'm very versatile

And if you're real good I'll make you feel good I want your spirits too fine

So let me entertain you And we'll have a real good time, yes sir We'll have a real good time

And if you're real good I'll make you feel good I want your spirits to climb

Let me entertain you And we'll have a real good time
