

Little Lamb

Bette Midler

Little lamb, little lamb
My birthday is here at last
Little lamb, little lamb
My birthday goes by so fast

Little bear, little bear
You sit on my right, right there
Little hen, little hen
What game should we play and when?

Little cat, little cat
Oh, why do you look so blue?
Did somebody paint you like that
Or is your birthday too?

Little fish, little fish
Do you think I'll get my wish?
Little lamb, little lamb
I wonder how old I am
I wonder how old I am
Little lamb
