## **Little Lamb**

## **Bette Midler**

Little lamb, little lamb My birthday is here at last Little lamb, little lamb My birthday goes by so fast

Little bear, little bear You sit on my right, right there Little hen, little hen What game should we play and when?

Little cat, little cat Oh, why do you look so blue? Did somebody paint you like that Or is your birthday too?

Little fish, little fish Do you think I'll get my wish? Little lamb, little lamb I wonder how old I am I wonder how old I am Little lamb
