## **Midnight In Memphis**

It's midnight in Memphis
and all the boys are out tonight.
Oh, midnight in Memphis,
but my true love is not in sight.
The neon's glowing,
but I just don't see the light.

I'm following my footsteps
trying to find myself a friend.
Oh, baby! Following my footsteps
trying to see where they might end.
I'm tryin' to break these blues,
but I can't even get them to bend.

Oh, midnight in Memphis. Well, ya take me away. Midnight in Memphis. It's a long, long time before the day.

Runnin' down on Beale Street. Can you hear that engine roar? Yeah, yeah, yeah, yeah. Runnin' down on Beale Street. There's a girl in every door. Yeah, it don't matter what you got, they're asking me for more. Play it for me one time, boys.

I heard the river risin', risin' up over my head. Yeah, heard the river risin', and this is what it said: "I don't need no live ones; I just take care of the dead."

Oh, midnight in Memphis. Take me, take me away. Midnight in Memphis. It's a long, long time before the day.

Whoa, oh, oh, midnight in Memphis. Midnight in Memphis. Midnight in Memphis. It's a long, long time before the day, before the day.
