

## Days Like Today

## Better Luck Next Time

Please tell me a story that makes me believe  
that the worst is what I've seen  
I've been there and done that, it's time to move on;  
someone stop this worry song  
Another tomorrow is staring me down  
I look thru the window and  
still wear this frown  
Give me a reason to stop looking back  
and keep me away from this attack  
'Cause I've been there, yes I've been there...

Tormented, overwhelming,  
compulsive state of being all the time  
But tomorrow, I'll be fine

I don't wanna' think about it, don't wanna' make you  
think that everything is alright  
And when I think about it, no it's not fair,  
and it's dragging me down

A lifetime of learning is what we believe  
keeps our lives from becoming  
something that's sacred and something that ties  
everybody else inside  
You've got a secret, I'll tell you mine  
Catch me tomorrow, I swear I'll be fine  
Give me a reason to stop looking back;  
all my intentions are now black  
'Cause I've done that, yes I've done that...

Your mindset is a bombshell,  
a set direction of what you tell everyone  
So keep your head straight,  
I'm waiting...
