

(Oh...)

Hey...

Back and forth, around and around in your head
Your big day coming but you're hiding in bed
No, daddy's girl's crying in an elegant wedding dress
Cause she's starting to show but the baby ain't his

If that don't sound insane
Here's another lie to fill up your heart
If that don't wreck your brain
Wait a minute, there's another love coming

(Oh...)

Hey...

Now, she loves him but he never loved her
Can't nobody say why they stay together (always something)
The vows they swore were easily crossed
And time goes by but the meaning gets lost

If that don't sound insane
Here's another lie to fill up your heart
If that don't wreck your brain
Wait a minute, there's another love coming

(Oh...)

Hey...

Red rover, red rover, let your lover come over
(Ain't honesty in short supply?)
Red rover, red rover, let the right one come over
(Don't it make you wanna cry?)

[Insanity is repeating the same thing over and over again
and hoping for a different outcome.]

If that don't sound insane
Here's another lie to fill up your heart
If that don't wreck your brain
Wait a minute, there's another love

If that don't sound insane
Here's another lie to fill up your heart
If that don't wreck your brain
Wait a minute, there's another love coming

(Oh...)

Hey...
