

## Live Again

### Better Than Ezra

Don't fear,  
Even though you're at a loss.  
I'm numb,  
A shell of empty thoughts.  
But you glow,  
You stretch and pull me out.  
Does that trouble you?  
Do I trouble you?

Love me  
Hate me  
Make me live again  
I need you around  
Heal me  
Hurt me  
Make me live again  
I want you around

So long  
I never had experienced  
This bliss.  
So how could I resist?  
And I'm fine,  
A little light-headed.  
Does that worry you?  
I didn't mean to worry you.

Love me  
Hate me  
Make me live again  
I need you around  
Heal me  
Hurt me  
Make me live again  
I want you around

Now, retreating from the light.  
I love it when we fight:  
It makes me think  
At least you still care.

Give up, you're not going anywhere.  
Moonlight illuminates your stare.  
It's great captivating you.  
Does that trouble you?  
Do I trouble you?

Love me  
Hate me  
Make me live again  
I need you around  
Heal me  
Hurt me  
Make me live again  
I want you around
