

Oh, Corrina

Better Than Ezra

You started running with your beat up suitcase
you hit the vision when the sun go down
i use to laugh when you sang along
now the barrios songs long long gone

oh corrina
come again
white boy trying to sing that song

oh corrina
come again
the last i saw was your dust light the road

come out and see us in your faded blue dress
come out and show how us how to shake that thing
i start to loose you when the time go by
but the barrios songs long long gone

oh corrina
come again
white boy tryint to sing that song

oh corrina
come again
the last i saw was your dust light the road

oh corrina
oh corrina
oh corrina
la la la la corrina
