

## Pull

## Better Than Ezra

You come walking like somebody's lover  
You come talking like somebody's friend  
You won't be here if I were unable  
We both want the same thing

Pull  
Pull  
We both want the same thing

Pull  
Pull  
We both want the same thing

Lover, Sister  
Anoint me, Absolve me  
Take me, with you, below Hell  
You won't be here if I were unwilling  
We both know what I bring, sugar

Pull  
Pull  
We both want the same thing

Pull  
Pull  
We both want the same thing

Around, Surround  
You Subjugate me  
Feel your pull  
Effortlessly  
Fuck me up  
I'm begging you, please  
We both want the same thing, Sugar

(keep 'um busy)  
Pull  
Pull  
We both want the same thing

Pull  
Pull  
We both want the same....
