

## Wintercoats

Better Than Ezra

Discarded, left behind  
Paper cups and sour wine  
Candle wax, tablecloth  
Try to wash, it won't come off

Ticket stubs and movie scenes  
Dustin Hoffman has gangrene  
Ferris wheel in the park  
City lights after dark

Well I'm goin' home when I find the girl  
Makes me forget what I should have done  
In winter coats, in winter coats  
In winter coats, in winter

Lives are fallin' fast in line  
The words make sense  
But they don't seem to rhyme

Risin' tide, ocean breeze  
Crashin' waves, askin' please  
Listen to the radio  
Singin' with the songs you know

Tim passing, memory fades  
Forget about the plans we made  
Decisions, wrap the coat up tight  
We keep it safe from the light

But I'm goin' home when I find the girl  
Makes me forget what I should have not  
In winter coats, in winter coats  
In winter coats, in winter

Lives are fallin' fast in line  
The words make sense  
But they don't seem to rhyme

Take it, Joel

But I'm goin' home where I'll find the girl  
That we won't forget what we should have not  
In winter coats, in winter coats  
In winter coats, in winter

Lives are fallin' fast in line  
Our words make sense  
But we don't seem to rhyme

We don't seem to rhyme  
We don't seem to rhyme  
We don't seem to rhyme
