

Balentine

Bettie Serveert

Balentine, if we could turn back the time
We would've made the same mistakes all over again

Balentine, well it could all turn out fine
If you would try to understand what's on my mind

Oh, Balentine, my dearest Valentine
Well I could learn a lot from you
'Cause no one does the things you do
And I don't really want them to

Balentine, if we could turn back the time
We would've made the same mistakes all over again

Balentine, well it hurts me sometimes
To think that you and I have wasted all this time

Oh, Balentine, my dearest Valentine
Well I could learn a lot from you
'Cause no one comes as near as you
And I don't really want them to
