

## Rudder

Bettie Serveert

Bow down for the band on the cover  
They seem to make it all across the USA  
Bow down, the band's been discovered  
They even made it on the R.S-tones these days

What a beautiful noise  
What an obvious choice  
But the records seems to do so well  
And everybody loves a band that sells

So why should it happen for me  
If it could happen for you?  
It's not like a major catastrophe  
It's something you choose

So many people believe  
That they could achieve anything  
Worth their while  
Anything worth a smile

Lying flat on the floor  
Get the lock off your door  
You want something to d  
Make a record or two

Bow down for the band on the cover  
They seem to make it all across the USA  
Bow down, the band's found a rudder  
And now they finally hit the charts

They're on their way, what a beautiful noise  
What an obvious choice  
Now the record seems to do so well  
And everybody loves a band that sells
