

Rock My World

Betty Blowtorch

You came to check out an all-girl rock show
I picked you up and said "Hey baby, let's go"
Well I'm not reying to put you down
You were the foxiest guy hanging around

You really rocked my world
Rocked, rocked, rocked, rocked my world

Saturday night and the Chinese food is getting cold
I'm real hot and ready, I'm ready to rock-n-roll
My panties are wet, once again you're too damn late
Sorry there baby, I had to masturbate

I really rocked my world
Rocked, rocked, rocked, rocked my world
I really rocked my world
Rocked, rocked, rocked, rocked my world

Who needs you on a Saturday night?
C'mon baby, gonna keep me satisfied
Who needs you on a Saturday night?
C'mon baby, gonna keep me satisfied
I really rocked

I really rocked my world
