

Rock 'n Roll 69

Betty Blowtorch

It's four in the morning and we're still rollin
On the road again
You better get ready for some full-time Betty
Cause we're looking for a few good men

If the van is rockin', don't come knockin'
It's backseat 101
Rock-n-roll is about the show
So come and join the fun

Rolling down the highway
With a shotgun in my hand
Rolling down the highway
It's Rock-n-Roll 69

You're never too old to rock-n-roll
So get up off your ass
Grab a beer, ger over here
Let's make this party last
There's a lesson to be learned, it's Rock-n-Roll 69
Sex, drugs, rock-n-roll, and everything is fine

Rolling down the highway
With a shotgun in my hand
Rolling down the highway
It's Rock-n-roll 69

Sex, drugs, rock, the devil
Sex, drugs, rock, the devil
Sex, drugs, rock, the devil
Sex, drugs, rock, the devil

Rock-n-Roll 69
