Somebody Loves You

Betty Who

Who's around when the days feel long Who's around when you can't be strong Who's around when you're losing your mind Who cares that you get home safe Who knows you can't be replaced Who thinks that you're one of a kind

Somebody misses you when you're away They wanna wake up with you everyday Somebody wants to hear you say Ooh somebody loves you Ooh somebody loves you Ooh somebody loves you Ooh somebody loves you Ooh somebody loves you

I'm around when your head is heavy I'm around when your hands aren't steady I'm around when your day's gone all wrong I care that you feel at home Cause I know that you feel alone I think you're going to miss me when I'm gone

Somebody misses you when you're away They wanna wake up with you everyday Somebody wants to hear you say Ooh somebody loves you Ooh somebody loves you Ooh somebody loves you Ooh somebody loves you

Why don't you come on over Why don't you lay me down Does the pain feel better When I'm around If I am good to you Won't you be good to me That's how easy this should be

Somebody misses you when you're away (Somebody misses you baby) They wanna wake up with you everyday (They wanna wake up with you) Somebody wants to hear you say (Oh they want you to say) Ooh somebody loves you Ooh somebody loves you Ooh somebody loves you Ooh somebody loves you
