

Two Cherries

Betty

Like two cherries in a pile
I know how to cling to you
Like two peas up in a pod
I know how to be to you

It's my second nature, baby
To want to know every little thing about you
It's my second nature, baby
To want to know every little thing about you
It's my second nature to love
Every little thing about you

Two cherries

Like two kites on a windy day
I know how to dance with you
Like two flags in a parade
I know how to fly with you

It's my second nature, baby
To want to know every little thing about you
It's my second nature, baby
To want to know every little thing about you
It's my second nature to love
Every little thing about you

Come on, come on, come on come on come on
I want to know
I want to feel
I want to love
And don't you know
I want to know
I want to feel
I want to love

Like two cherries in a pile
I know how to cling to you
Like two peas up in a pod
I know how to be to you

It's my second nature, baby
To want to know every little thing about you
It's my second nature, baby
To want to know every little thing about you
It's my second nature to love, love
Every little thing about you

Two cherries
