

## Goodbye to Everything Reprise

### Between the Buried and Me

I wonder if I'm alive  
Breathe slowly  
Open your eyes

Can you hear me?  
Look at what's in front of you  
An endless journey  
Our end  
What do you see?  
What do you feel?  
Were we ever really alive?  
You know this is the right choice

Let's switch off together  
Let's float to no more  
Goodbye to everything
