

Move

Between the Trees

Stretch your line and cover up, to sit at home
With every passing mile, melodies become
More than a song in my head

I paint a picture of the story of my life told
And taking chances, see the colour scheme unfold

This is ours
And we're taking chances
We're moving and we're not waiting for
This to move
So we're gonna move

All I know is we're gonna make it out (we're moving)
All I know is nothing can stop us now (still moving on)
All I know is we're gonna make it out (we're moving)
All I know is nothing can stop us now

Time is precious, we can't stop now
If you're burning by the bruises then
You're never gonna make it out

And if you're hurting on reality shows
And talent branches are a reason to say no

This is ours
And we're taking chances
We're moving and we're not waiting for
This to move
So we're gonna move

All I know is we're gonna make it out (we're moving)
All I know is nothing can stop us now (still moving on)
All I know is we're gonna make it out (we're moving)
All I know is nothing can stop us now

'Cause these roads were made for moving
So we're moving
We're moving

All I know is we're gonna make it out
All I know is nothing can stop us now

All I know is we're gonna make it out (we're moving)
All I know is nothing can stop us now (still moving on)
All I know is nothing can stop us now (still moving on)
All I know is nothing can stop us now (still moving on)
