

# Move

## Between the Trees

Stretch your line and cover up, to sit at home  
With every passing mile, melodies become  
More than a song in my head

I paint a picture of the story of my life told  
And taking chances, see the colour scheme unfold

This is ours  
And we're taking chances  
We're moving and we're not waiting for  
This to move  
So we're gonna move

All I know is we're gonna make it out (we're moving)  
All I know is nothing can stop us now (still moving on)  
All I know is we're gonna make it out (we're moving)  
All I know is nothing can stop us now

Time is precious, we can't stop now  
If you're burning by the bruises then  
You're never gonna make it out

And if you're hurting on reality shows  
And talent branches are a reason to say no

This is ours  
And we're taking chances  
We're moving and we're not waiting for  
This to move  
So we're gonna move

All I know is we're gonna make it out (we're moving)  
All I know is nothing can stop us now (still moving on)  
All I know is we're gonna make it out (we're moving)  
All I know is nothing can stop us now

'Cause these roads were made for moving  
So we're moving  
We're moving

All I know is we're gonna make it out  
All I know is nothing can stop us now

All I know is we're gonna make it out (we're moving)  
All I know is nothing can stop us now (still moving on)  
All I know is nothing can stop us now (still moving on)  
All I know is nothing can stop us now (still moving on)
