Spain

Between the Trees

Can we sail to Spain?

Just me and you

Open ocean and the bright blue sky above

Well do you want, do you want the moon?

I'll get it for you

From the top so high, to the valley low I wanna give you whatever you need, so just let me know Cause all I want is more of you

All I want is you

"Give me a dance," she says
"Just take my hand," she says
I don't want anything
Let's make a getaway
Just me and you, babe
The rest of the world can wait
Cause I've been waiting for you, oh
I've been waiting for you, oh

With the world we know waiting on hold Do you think that we can really just be alone? Far from all that seems to keep us apart

I need you, so don't leave yet Find a way to stay even if just for a moment Cause all I need is more of you

All I want is you

"Give me a dance," she says
"Just take my hand," she says
I don't want anything
Let's make a getaway
Just me and you, babe
The rest of the world can wait
Cause I've been waiting for you, oh
I've been waiting for you, oh

"Give me a dance," she says
"Just take my hand," she says
I don't want anything
Let's make a getaway
Just me and you, babe
The rest of the world can wait
Cause I've been waiting for you
I've been waiting for you

"Give me a dance," she says

"Just take my hand," she says

I don't want anything

Let's make a getaway

Just me and you, babe

The rest of the world can wait

Cause I've been waiting for you, oh

I've been waiting for you, waiting for you Been waiting for you
