

A Good Man Is Easy To Kill

Beulah

Ba da ba ba ba da da
Ba da ba ba ba da da
Ba da ba ba ba da da
Ba da ba ba ba da da

I would be overstating
If I said I knew you well
Or that I knew you at all

When you flew through that windshield
And your life passed reel to reel
Was there a big part for me?

I made a wish for you
Blew out the sun
So it'd come true
But the sun froze
Along with your heart

So give up, give up your love
Give up, give up your love
I promise it's not gonna kill ya
And I need ya, lord I need ya

Ba da ba ba ba da da
Ba da ba ba ba da da
Ba da ba ba ba da da
Ba da ba ba ba da da

And when they cut out your lung
You said we could all breathe easy
The hole swallowed your heart

When they drilled holes in your skull
And screwed that halo to your head
Did you think you could fly?

I made a prayer for you
Then prayed some more
That it'd come true
Don't know 'bout God
But I believe in you

Give up, give up your love
Give up, give up your love
I promise it's not gonna kill ya
And I need ya, lord I need ya

Though you haven't got a lot to give
A good man is easy to kill, well
Start talking 'bout the weather
Say you're getting better

Ba da ba ba ba da da
Ba da ba ba ba da da
Ba da ba ba ba da da
Ba da ba ba ba da da
