

# Night Is The Day Turned Inside Out

Beulah

Slow, and I can't wait  
As the day turns inside out  
And night falls on you, darlin' darlin'  
It falls on me too

And I'm tired, and I can't sleep  
But I try so I can dream, ya know  
Forever's a while  
And tomorrow's still a night away

And it's late  
And I just want to go home

I fly over the sea, in the planes  
I see you  
Hanging on the wing, darlin' darlin'  
Holdin' on to me

I stare in my room  
Your breath is sunny and warm, ya know  
Forever's a while  
And tomorrow's still cold and gray

And it's late  
And I just want to go home

Don't say you miss me  
Cause I know that you miss me  
Keep blowing the kisses over the phone  
Don't say you'll leave me  
Cause I know you won't leave me  
You know it took years for you to stay

I don't love you to death  
But I'd die if you left  
From state to state you know I'd race  
But nobody knows which exit is yours

There is a place in the red-light district  
Of your heart that I used to visit  
It's been pouring  
I can't help falling anymore
