

## Queen Of The Populists

Beulah

I left my heart in Kansas  
It's the second biggest ball of twine  
Quantrill is bound to catch us  
Come on kids, begin to secede

It'll be alright  
It'll be just fine  
You don't have to rush  
Take your time

So bored we raced tornados  
Eating lies where the summer ends  
So flat it's bound to pass us  
Triple crown and Hollow Springs

It'll be alright  
It'll be just fine  
You don't have to rush  
Take your time

Can't have this town  
Stick em up we're coming round  
Midwestern bound  
Kinda wanna, yeah we kinda wanna  
We don't wanna

It'll be alright  
It'll be just fine  
You don't have to rush  
Take your time

Can't have this town  
Stick em up we're coming round  
Midwestern bound  
Kinda wanna, yeah we kinda wanna  
We don't wanna
