

# Your Girl, My Man

Beverley Craven

Baby, all of my life  
I've been so lonely,  
Nothing was right  
And then you came  
And turned things around  
And you showed me  
What love's all about

You're all I need  
And I'm so glad you 're mine  
I still can't believe  
How good it feels  
With you in my life,

Because I'm your girl, and you are my man  
I'm your girl, and you are my man

Baby, when we're alone  
The pieces all fit,  
My heart has come home  
Now I know that the searching is through  
Because I found myself  
When I found you

I'm so complete  
When you make love with me  
I won't let you go  
Now that I know  
I'm not alone

Because I'm your girl, and you are my man  
I'm your girl, and you are my man.
