

# Always And Forever

Beverley Knight

Always and forever, each moment with you  
Is just like a dream to me that somehow came true  
And I know tomorrow will still be the same  
'Cause we've got a life of love that won't ever change and

Everyday love me your own special way  
Melt all my heart away with a smile  
Take time to tell me you really care  
And we'll share tomorrow together  
I'll always love you forever

Always forever love you

There'll always be sunshine when I look at you well  
It's something I can't explain just the things that you do  
And if you get lonely phone me and take  
A second to give to me that magic we make and

Everyday love me your own special way  
Melt all my heart away with a smile  
Take time to tell me you really care  
And we'll share tomorrow together  
I'll always love you forever

Always forever love you

And every day love me your own special way  
Melt all my heart away with your smile yes  
Take time to tell me  
That you really care  
And we'll share tomorrow together  
I'll always love you forever yeah  
Yes I will  
I will love you forever forever forever yeah  
Forever forever ever ever yes I will yes I will  
Forever boy ever yes you are ever ever ever
