

# Come As You Are

Beverley Knight

The weather's hot like hell  
It's sort of casts a spell  
I want a friendly face  
Inside a cool dark space

Yeah, summers begun  
This is where one, needs to be two  
Yeah I know i'm bold  
But baby I'm sold on me with you

Come as you are  
You can stand  
Take my hand, I'll help  
Come as you are  
Don't be sad  
Don't deny, yourself

So are we good to go?  
Don't act like you don't know  
This is a brand new dress  
Don't want to make no mess...

Yeah, summers begun  
We can have fun, playing for kicks  
Yeah habits to feed  
And baby I need to get my fix

Come as you are  
You can stand  
Take my hand, I'll help  
Come as you are  
Don't be sad  
Don't deny, yourself

Come as you are  
You can stand  
Take my hand, I'll help  
Come as you are  
Don't be sad  
Don't deny, yourself

Got to give a shout out  
Going to the people who feel  
What a sista like me is talking bout  
Got to give a shout out  
Going to the people who feel  
What a sista like me is talking bout

Hey, hey, hey!

Come as you are  
Come on

Come as you are  
You can stand  
Take my hand, I'll help  
Come as you are

Don't be sad  
Don't deny, yourself

Come as you are  
You can stand  
Take my hand, I'll help  
Come as you are  
Don't be sad  
Don't deny, yourself
